

Why a sustaining membership?

Unlike the Basic Membership, the sustaining membership shows strong commitment to the youth of Florida through financial backing of the annual grants program as well as leadership training for Key Club and CKI at the district level. If you believe the Key Club and CKI experience is an invaluable asset for our youth, you must consider becoming a sustaining member of your Florida Kiwanis Foundation!

“The Foundation provides opportunities for Florida Kiwanis Clubs to invest in future generations by funding scholarships and grants to your local Kiwanis Club primarily for children and youth.”

Florida Kiwanis Foundation is dedicated to supporting the Youth of Florida. One of the primary functions of the Foundation is to provide an Endowment toward which Kiwanis Clubs and individuals can contribute so together we can Leave a Legacy for the Children of Florida.

The Foundation provides funding to support the Florida District Service Leadership Programs. Approximately \$45,500 each year is distributed to Key Club, CKI, Aktion, K-Kids, and Builders to support vital leadership training opportunities. Investing in our most precious resource, Florida's Youth, the Foundation provides funding for Scholarships including the J. Walker Field Scholarship for members of Key Club and the George Langguth Scholarship for a Kiwanis Family member.

Recognizing the extraordinary service Kiwanis Clubs perform, the Foundation provides funding for Matching Grants and Mini Grants so Kiwanis Clubs can make a Kiwanis Difference in their communities. Combining the resources of the Florida Kiwanis Family, the Foundation enables all Kiwanians in Florida the opportunity to open their hearts in the spirit of giving to make a greater impact on the needs of children and families.
